

Awards, Honors, and Other Recognitions

The following material includes awards, honors and other recognition for ARL groups and individuals for their research, development, and/or application during the period 2016-2021.

Air Resources Laboratory - 2022 Lab Review

Administrator's Awards

Pius Lee

Rick Saylor

NOAA Administrator's Award for implementing and upgrading NOAA's Air Quality Forecasting Capability thereby improving the lives of Americans and saving billions of dollars per year. 2019

Mark Cohen

Rick Jiang

NOAA Administrator's Award for Locust Forecasting App: Personal & Professional Excellence Category - 2020

Medals

Mark Cohen

Winston Luke

2019 NOAA Bronze Medal - For sustained excellence in measurements and modeling leading to improved understanding of the emissions, transport, and fate of atmospheric mercury

Ariel Stein

2021 NOAA Bronze Award- For expeditiously and skillfully coordinating research that leveraged the unique scientific opportunity from the COVID-19 global pandemic

Rick Saylor

2021 NOAA Bronze Award Scientific or Engineering Achievement for the development of the Global Ensemble Forecast System – Aerosols (GEFS-Aerosols) model to support air quality alerts and visibility forecasts.

Group Awards

Ariel Stein

Barbara Stunder

Mark Cohen

Glenn Rolph

Roland Draxler

The NOAA Technology Transfer Award – HYSPLIT NOAA

2017

Ariel Stein

Glenn Rolph

Barbara Stunder

Mark Cohen

Fong (Fantine) Ngan

Roland Draxler

Outstanding Scientific Paper Award NOAA/OAR

2018

| | | |
|-----------------------|--|------|
| Barry Baker | | |
| Mark Cohen | | |
| Paul Kelley | | |
| Pius Lee | | |
| Chris Loughner | | |
| Winston Luke | | |
| Xinrong Ren | NASA Group Achievement Award for their work as members of the Ozone Water-Land Environmental Transition Study (OWLETS) team. | 2018 |
| Xinrong Ren | NASA Group Achievement Award for ACT-America NASA | 2020 |

Individual Awards

| | | |
|------------------------------|---|-----------|
| Patrick Campbell | NOAA Certificate of Commendation National Air Quality Forecasting Capability (NAQFC) | 2020 |
| Leah Hopson (Lapenta) | MSCAR Outstanding Undergraduate Presentation (Lapenta Internship) | |
| Tiffany House | NOAA Equal Employment Opportunity (EEO)/Diversity Individual Award | 2018 |
| Hyun Cheol Kim | South Korean Ministry of Environment Commendation: Contributions to South Korean air quality research (June 4, 2021). | |
| Ricky Lantrip | Secretary's Appreciation Award (Source Physics Experiments – Phase I) DOE | 2018 |
| LaToya Myles | NOAA Center Champions Workshop Group award NOAA EPP | 2017 |
| | Distinguished Alumna, Florida A&M Univ, School of the Environment | 2016 |
| Walter Schalk | Secretary's Appreciation Award (Source Physics Experiments – Phase I), DOE | 2018 |
| | Sub-Committee of the Year Award, Chair, DOE Meteorological Sub-Committee, | |
| | DOE Emergency Management Issues Committee - Special Interest Groups | 2021 |
| Fred Shen | Employee of the Month, ERT, Inc | June 2019 |
| Barbara Shifflett | "Exceptional" rating for 2019 Delegated Procurement Review, NOAA | 2019 |
| James Wood | Secretary's Appreciation Award (Source Physics Experiments – Phase I) DOE | 2018 |
| Sonny Zinn | Employee of the Month, ERT, Inc | Nov 2020 |
| | Annual Distinguished Achievement Awards, ERT, Inc | 2020 |
