### Visitor Parking & Facility Access

Persons traveling by automobile may park in the NCWCP parking garage at no charge. When you enter the facility on the left end of University Research Court, stay in the right lane. You will need to show government identification (e.g. CAC card or driver's license) at the guard gate. After passing through the gate, park in the garage immediately to the right, avoiding marked handicapped and carpool spots. Enter the building via the front entrance, not the employee's side entrance. You will not need to register with the guards to enter the conference area to the right of the guard desk.
